

6 Ways to connect with your neighbour

***Creating a safer,
connected
and informed
neighbourhood is
a team effort.***

1. Reach out

Get to know your neighbours. Use our Knock Knock cards to break the ice.

2. Get involved

Start a Neighbourhood Watch Network. Share information to raise awareness and knowledge in your neighbourhood.

3. Make a connection with your neighbours

Talk to your neighbours, express interest in something they are doing. Discuss crime prevention strategies.

4. Be considerate of others

Respect your environment - initiate a community street clean-up. Look out for your neighbours.

5. Be generous

Share your over abundant garden. Encourage neighbours to share skills and resources.

6. Bring neighbours together

Get involved with your neighbours. Organise a street bbq or driveway dinner.
